

REACH STATEMENT

SUMMARY

Under the legislation termed REACH (Registration, Evaluation, Authorisation and Restriction of Chemicals) is Regulation (EC) No. 1907/2006 of the European Parliament which was published on 1st December 2006, coming into force on 1st June 2007. REACH is a single regulatory system for chemicals management in the European Union.

Under Annex XIV of the REACH Directive, the European Chemical Agency (ECHA) publishes a candidate list of Substances of Very High Concern (SVHC's) which was last updated on 12th January 2017 and references 173 substances to date.

SACO AEI Polymers UK statement

SACO AEI Polymers UK is continually monitoring and assessing chemicals / substances which are critical to their processes and formulations.

In regards to the EU's REACH Directive and the ECHA candidate list of Substances of Very High Concern (SVHC's) as further amended 12th January 2017, SACO AEI Polymers UK, a division of SACO AEI Polymers INC hereby confirms that we do not intentionally add any of these SVHC's to our products and that to the best of our knowledge, none of these substances are present in any of the raw materials used in our products.

If in the meantime should you require further information then please do not hesitate to contact our REACH coordinator:
